

# Fuel System Cleaning

**RESTORES POWER**

**SAFE AND EFFECTIVE**

**GREAT FOR GDI ENGINES**

Comes shrink-wrapped!

TM5225

TM9259

TM5853a

## The Problem

Harmful deposits have long been causing problems for vehicle owners. Issues like power loss, decreased mileage, failed emissions, hard starting, rough idling, hesitation, and more can absolutely shorten the life of an engine. Today's Gasoline Direct Injection (GDI) technology creates even more deposits in harder to reach places.

## The Solution

Throttle Muscle has options for effective cleaning in all gasoline engine types. Our cleaners help restore horsepower, engine performance and gas mileage, do not contain alcohol and are safe for oxygen sensors and catalytic converters.

Product	Size	Part #	Case Qty	Great For	Recommended
AFC ACCELER8 FSC	6 oz	TM9259	12	All Gasoline Engines	Every Oil Change
Throttle Power Pro 2-Step FSC	6 oz/12 oz	TM5225	6 kits	All PFI Engines	Every 12,000-15,000 Miles
FX805 Synthetic FSC & Treatment w/108 Octane	12 oz	TM5853a	6	All Gasoline Engines	Every 7,500 Miles
